What's new:

- **New Match Day Setting to debut in the 2018 FIFA World Cup. You'll now have the option to choose to play as either team, all players, or a mix of players from both teams in the same match. For example, you and your mates can either spend lots of time practising and working on a specific tactic, or more recklessly attack your opponents in the heat of battle.**
- **TAKES - Kick wherever you want. An on-screen virtual soccer ball makes the choice infinitely easy and less frustrating than ever. There are three new-for-FIFA-22 control schemes: Dynamic, Pro, and Realistic. Dynamic brings new control options such as a new Steering wheel support that lets you turn more quickly and intuitively than ever before.**
- **NEW OFF-THE-SHOULDER PASSING MODE - Create the best through-balls with ease. Quickly change your run to receive a pass, send a pass to anywhere on the field, or simply wing a 40-yard cross. Goalkeepers get an even greater set of controls to produce and control the unpredictable ball effectively.**
- **Improved player performances. Performances range from tracking behaviour for an active player to anticipation and decision-making for a goal threat. Powerful new graphics make midfielders, strikers, and technical players look and move like the real deal as they show off their skills on the pitch.**
- **A new Player Traits system will empower you to look, feel, and play like your favorite stars. Kick-tap the player into view and get to know them: Analyse their appearance and traits, and help them complete their unique challenges-whether that be mastering a new skill, recovering fitness, or helping their team to perform at their best. You'll be inspired to take on your best player right from the start.**
- **New camera angles. The entire game has been reengineered for next-generation gameplay which brings a fresh and forward-thinking approach to how the game is played. From the new Ball-in-Hand shooting angle to the new Target-in-Play passing experience to the never-before-seen Ball-on-Goal goal-views, the game looks and plays different from any previous FIFA title.**
