Players with no previous FIFA experience (FIFA Pro Experience) or players who do not have full motion capture suits that have been worn to capture and align actions and data with the game. Specific features and gameplay including referee calls, action and reaction, play quality, and goal impact are improved using the player movements created by the motion capture suits. New "Focus" systems, which focus on player movement and behavior, have been added to the game. You can learn more about this in the video below. Also in the video, BioWare Creative Director, Olivier Rousoo describes some of the process he went through to make Alex Hunter the next 'FIFA' protagonist. Also featuring in the video, 2018 World Cup Champion, Lothar Matthaus, discusses his experience with FIFA 20 and the World Cup in general. FIFA 20 is now out for PlayStation®4, Xbox One, PC and Nintendo Switch. EA Sports can be found at PlayStation.com/FIFA and Xbox.com/FIFA and the links below. From October 17, 2018, until January 22, 2019, make sure to pick up FIFA Ultimate Team items by entering the latest FIFA 19 Card Collection Codes at participating retailers. These codes will grant free FIFA coins and packs and give bonus FIFA Points to account. Get them from participating retailers via the FIFA 19 code collection U/T codes. Features Key:

- The World's Game – FIFA 22 features the most realistic, life-like and expansive players' models to date, with more detail than ever before, including eyeballs, pupils, ear canals and foreheads.
- Getting stuck in - Whether tackling, refereeing, tackling or getting the ball across the midfield, you'll get stuck in. FIFA 22 features more animations, closer physical contact, and new collision models that lead to more fluid and unpredictable gameplay.
- More ways to play - Futbol Stream, iGN, iGame, iFollow, FIFA Channel, HTC, Sony PSN, Xbox Live, Zee, Resonent Sports and ESPN connect you with football like never before.
- Innovative social features – Feed your addiction with live scores while making connections, voting on player popularity and engaging with FIFA Magazines. Customise your FIFA Network so you can tailor the experience for your FIFA 22 gameplay.

Play now - more games to play

- In FIFA 22, players have the ability to create unique athlete models, aiming to give them a voice that can be heard on the pitch and on the streets.
- Players' boots can now move with them so that running players follow a natural running gait. The boots can also be used in sprints and change direction during and after a run.
- The FIFA 3D Cover Vote, which allows players to have an even bigger say in which player they see on their favourite clubs teamsheet, is now available for download.
- FIFA in the palm of your hand - iOS, Android and Amazon handsets now have access to live daily fantasy games.
- We are delighted to announce the introduction of a number of FIFA Video-On-Demand (VOD) channels for mobile, including ESPN, beIN SPORTS, Mars TV and FOX Soccer Channel.
